The Every Student Succeeds Acts of 2015 (ESSA) replaces No Child Left Behind. All goals are to reduce the achievement gap and improve high school graduation rates.

Parents for Public Schools, (PPS) sees ESSA as an opportunity for families and communities to be partners in improving the quality of public schools and supporting student achievement.

Families need to know:

1. Parental Involvement is now “Family and Community Engagement”
2. Families help write and review the Title I Family and Community Engagement Policy and make recommendations annually
3. There are leadership opportunities for families
4. Title I money is available to support family engagement

Parents for Public Schools advances the role of families and communities in securing a high quality public education for every child.

PPS prepares parents to be equal partners in supporting student achievement
